Good Morning,

We are happy to help with this. The actual mechanics of removing the tiles and placing them back so that they are aligned and secure, however, is something that we are less comfortable with. Ideally, there is a contractor/installer available that can oversee the "reinstallation" of the tiles and direct the pressure washing? (It is my understanding that the black pedestals pictured are not secured to the ground, for example.) Robert Winston, our Project Manager, is available to discuss our thoughts on this if it would be helpful. His cell phone is (213) 924-5633.

We have a pressure washing crew that could meet with the contractor/installer tomorrow (Thursday) at 7:00 am. Please confirm so that we can notify the guys.

Thank you,

Molly Larson

Would be so great to pick up all the tiles and power wash below. Thank you so much Robert, Blair and Kevin.

Should we power wash under there?

Blair Besten

Subject: Re: Spring Parklet Clean Up

Thanks Kevin, actually since you took those pics my guys cleaned that trash out.

Hi Blair,

Last weekend the counter for the parklet was removed but the space under parklet needs to be cleaned before we can install new pedestals and wood tiles.

Can you schedule your team to go to the parklet site and the debris under the parklet? Please let me know when they will complete the work and we'll coordinate installation of the other pieces.

Pictures attached.

Thanks,
